

*To the Notre Dame Family:*

*We sincerely apologize for the actions of some of our supporters regarding their social media conduct.*

*Please remain respectful at all times when demonstrating any sort of support for our ticket, whether it be on social media or in person. There is no place for any sort of division or disrespect during a student body presidential campaign. We are all part of the Notre Dame family, and should remain united as brothers and sisters.*

*Moving forward, we want to finish this campaign on a high note with a focus on positivity and respect, especially for all those who have in some way dedicated time to this election. This election is important, but absolutely nothing is more important than maintaining the University's core values.*

*In Notre Dame,*

*Gates and Corey*
